

SAFE APPROACH IN IMPLANTOLOGY

A daily issue

Brought To You By

ZIMMER BIOMET
Institute

3rd French Symposium Zimmer Biomet Dental

Maison de la Mutualité
24 rue Saint-Victor
75005 Paris

SEPT 30th – 1st OCT

2021

Welcome

Ann Verledens

It is with pleasure that I am waiting to meet you again for our 3rd edition of the Zimmer Biomet Symposium. We believe in it, 2021 will be the year of reunion and shared conviviality!

After turning the page on an unprecedented 2020, we are proud to offer you, in close collaboration with our scientific presidents, Drs. Alice Guyon and Emmanuel Gouët, a program whose theme is at the heart of the news: Safety.

More than ever, compliance with the rules of safety, hygiene and welfare is at the heart of all our actions and all our concerns, both professionally and personally.

We want to be a partner of choice for you and your teams: our collaboration is based on trust and a close relationship. My teams and I are committed to providing you with innovative and secure solutions on a daily basis so that you can practice under the best conditions, in order to guarantee quality of care and serenity to your patients.

We have worked with the Maison de la Mutualité teams to welcome you with the greatest respect for barrier gestures, so that this event can once again become a place of scientific and warm exchanges, which is the base of our corporate culture.

The close work of our scientific presidents and our Marketing team has created a 2021 exhilarating program. The diversity of experiences and the complementarity of our speakers will allow you to deepen your knowledge and enrich yourself with new human connections.

Our scientific committee, your sales managers and I are expecting you.

Sincerely,

Ann VERLEDENS

General Manager, France & Benelux

**Dr. Emmanuel
GOUËT***

Dr. Alice GUYON*

When Zimmer Biomet entrusted us with the scientific presidency of the Symposium, our first intention was to formulate a unifying, contemporary and relevant common thread in the medical field. We have agreed on a theme that brings together under one banner all the components of implantology: safety and its corollary, risk prevention.

This requirement weighs notably in the balance of the expected therapeutic benefits against the risks incurred. It integrates all the treatment's phases, from diagnosis to follow-up, and contributes, like the effectiveness of our protocols, to ensuring appropriate care for our patients.

The current period has led us to postpone the Symposium but has strengthened us in our conviction that health is a collective issue on the part of health professionals, patients involved in treatment and the biomedical industry, which should allow us to use devices offering an optimum level of safety and reliability.

Thanks to the specific speakers' profiles, the Symposium brings together the different components and sensitivities of care. The secure approach is thus combined with each theme, by taking a reasoned path that excludes excessive caution or risky choices.

Inevitably, the conferences will end with a presentation of the main complications encountered as well as their management.

Through these two days of sharing and discussion, we hope to explore with you the essential areas of implantology in order to stimulate, strengthen or consolidate your daily exercise ... with complete peace of mind.

Dr. Emmanuel GOUËT
Scientific President

Dr. Alice GUYON
Scientific President

*The speakers have a financial report with Zimmer Biomet from the positions of rapporteur, counseling and other Scheduled speakers. Zimmer Biomet reserves the right to substitute any of the scheduled speakers if necessary.

Safe approach in implantology

THURSDAY SEPTEMBER 30TH
08.00–18.50

Program

- 08.00–08.45 Welcoming participants
08.45–09.15 **Scientific presidents' welcome speech**
Ann Verledens/Dr. Emmanuel Gouët and Dr. Alice Guyon

1. BIOLOGIC SECURITY

- 09.15–09.45 “Zero bone loss” concept to serve biologic security *Dr. Mohssine Tazi/Dr. Laurent Nozzi*
- 09.50–10.20 Allogenic bone /Biologic security : Myth or Reality? *Dr. Thomas Bauchet/Dr. Arnaud Beneytout*
- 10.30–10.50 *Coffee break*
- 11.00–11.20 Autogenous Happiness Therapy, “happiness is in autologous bone “ *Dr. Pierre-Olivier Sage*
- 11.25–11.45 Secure approach of the lateral sinus lift *Dr. Frédéric Etienne*
- 11.50–12.10 QUESTIONS - ANSWERS
- 12.15–13.45 *Lunch break*

2. DIGITAL TO SERVES SECURITY

- 14.00–14.10 Speakers introduction *Dr. Emmanuel Gouët/Dr. Alice Guyon*
- 14.10–14.30 Guided surgery : belt and suspenders *Dr. Dominique Caspar*
- 14.30–14.50 2.0 approach to tackle complex cases : digital tools and protocols *Dr. Florian Nadal/Dr. Fleur Nadal*

3. SECURITY AROUND THE PATIENT

- 14.50–14.55 Speakers introduction *Dr. Emmanuel Gouët/Dr. Alice Guyon*
- 15.00–15.20 The digital workflow in the secure patient's care *Dr. Thierry Nathan*

3rd French Symposium Zimmer Biomet Dental

SEPT 30th-OCT 1st
2021

15.25–15.45	Roadmap : if failure is improvised, success is organised	<i>Dr. François Brutails</i>
15.50–16.10	Medical hypnosis in oral implantology between safety and comfort	<i>Pr. Vianney Descroix</i>
16.15–16.40	QUESTIONS - ANSWERS	
16.45–17.10	<i>Coffee break</i>	
4. SECURE THE RESTORATIVE SUCCESS		
17.10–17.15	Speakers introduction	<i>Dr. Emmanuel Gouët/Dr. Alice Guyon</i>
17.20–17.40	Complex cases : how to identify the risk factors ?	<i>Dr. Guillaume Gardon-Mollard</i>
17.45–18.05	Screw retained vs cemented restoration ; Which one to choose, when and how ?	<i>Dr. Aurélien Fruchet</i>
18.10–18.30	Implant prosthetics management of anomalies of the vertical or sagittal dimension : how to ensure predictability of the result for patient totally edentulous?	<i>Dr. Marie-Joséphine Crenn</i>
18.35–18.50	QUESTIONS - ANSWERS	

SIDE CONFERENCE

TRAINING FOR DENTAL ASSISTANTS

10.30–12.30	Well-being and communication at work : How to form an efficient practitioner / assistant pair to serve the patient ?	<i>Mrs. Barbara Lefort</i>
-------------	---	----------------------------

Safe approach in implantology

FRIDAY OCTOBER 1st

9.00–15.00

Program

09.00–09.05	Speakers introduction	<i>Dr. Emmanuel Gouët/Dr. Alice Guyon</i>
09.05–09.10	Video testimonial by Dr. Richard Lazzara	<i>Dr. Frédéric Chiche</i>
5. SECURE THE GESTURE		
09.15–09.35	A reasoned and less invasive gesture : a guarantee of safety ?	<i>Dr. Krisnen Murden</i>
09.40–10.25	Reinforced Non-Resorbable Membranes Vertical and Horizontal Ridge Augmentations	<i>Dr. Marco Ronda</i>
10.30–11.15	Arrangement of peri-implant soft tissues in the aesthetic zone	<i>Dr. Thierry Degorce</i>
11.20–11.40	QUESTIONS - ANSWERS	
11.40–12.00	<i>Coffee break</i>	
6. TREATMENT OF COMPLICATIONS		
12.05–12.25	Application of Trabecular Metal™ in dental implantology: interests, limits and perspectives	<i>Dr. Léa Rocchi</i>
12.30–12.50	“Think pink” : the pink as risk indicator and success criteria	<i>Dr. Frédéric Chamieh</i>
12.55–13.15	Surgical management of maxillomandibular bone loss : reconstructing implant damage	<i>Dr. Mickaël Samama</i>
13.20–13.45	Debate and round table	<i>Dr. Mickaël Samama/Dr. Frédéric Chamieh/ Dr. Léa Rocchi/Dr. Emmanuel Gouët/ Dr. Alice Guyon</i>
13.50–14.00	Closing speech	<i>Ann. Verledens/Drs. Emmanuel Gouët/ Alice Guyon</i>
14.00–15.00	<i>Lunch Cocktail</i>	

Speakers*

Program

Dr. Thomas BAUCHET

- Doctor of Dental Surgery.
- Buccal Surgery (DES).
- Implantology-CORTE DUIE.
- DU of Pre and Peri-Implantary Surgery, PARIS XI.
- DU of BIOMaterials and Calcified fabrics -ANGERS
- DU of Buccal Dermatologist, PARIS.
- Study certificate in Implantology, LYON.
- Exclusive exercise in Implantology at ANGERS.

Dr. Arnaud BENEYTOUT

- Doctor of Dental Surgery.
- CES and DU of Periodontology.
- DU of Implant Surgery and Oral Rehabilitation (Bordeaux).
- DU of Pre and Peri-implant Surgery, Paris XI.
- DU of Cervico-Facial Anatomy, Bordeaux.
- Post-Graduate NYU.
- Hospital-University Attaché in Periodontology.
- Exclusive exercise in Periodontology and Implantology.

Dr. François BRUTAILS

- Exclusive Exercise in Implant Surgery
- DU of pre and peri-implant surgery, Paris Sud

Dr. Dominique CASPAR

- Exclusive exercise in implant surgery in Aix-les-Bains.
- CES of Oral Biology.
- CES of periodontology.
- DU of Surgery and Implant Prosthesis
- DU of basal implantology.
- DGOI implant expert
- Lecturer at the DU in implantology in Lyon and Strasbourg.
- President of SAPI.

*The speakers have a financial report with Zimmer Biomet from the positions of rapporteur, counseling and other Scheduled speakers. Zimmer Biomet reserves the right to substitute any of the scheduled speakers if necessary.

Speakers*

Program

Dr. Frédéric CHAMIEH

- Doctor of Dental Surgery, René Descartes University, Paris V.
- CES in periodontology, René Descartes University, Paris V.
- CES in fixed prosthesis, René Descartes University, Paris V.
- Master of Science, Technology, Health Mention Cell Biology, Physiology and

Pathology, Specialized Oral Clinical Specialty University PARIS VII.

- DU in Clinical Periodontology, Diderot University, Paris VII.
- DU in Periodontology and Implantology, Diderot University, Paris VII.

Dr. Thierry DEGORCE

- Graduated from the Faculty of Dental Surgery in Reims.
- Certificates of higher studies in Biomaterials, Sealed Prosthesis and Periodontology, and diplomas from Universities of Oral Rehabilitation and Implantology (Paris VI), Surgical and Prosthetic Implantology (Paris VII) and Pre- and Periimplant Surgery (Paris XI).
- Training in oral implantology and bone graft at the University of Miami in Florida.
- Training at the private institute of Doctors Urzeler and Zuhr, Munich Germany.
- Author of several publications in various French journals, has written the chapter on peri-implant plastic surgery of a reference book devoted to periodontal and peri-implant plastic surgery.

- Lecturer on implantology in the previous sector.
- Member of the editorial board of several scientific journals and was the editor for several years of the blog “aesthetic implantology” for Information Dentaire.
- Implantology exclusively in Tours (37) with an activity centered on implant reconstructions and cosmetic treatments.

Dr. Marie-Joséphine CRENN

- University hospital assistant at Hôpital Rothschild.
- PhD student in Materials Science, University of Paris 13.
- Former intern in Paris hospitals.
- DU Clinic of Implants and Worn Prosthesis, University of Paris.
- CES of Joint Prosthesis, University of Paris.

- DU from CESAM, Sorbonne University.
- Master 2 “Health Engineering and Biomaterials”, University of Paris.
- State diploma in Dental Surgery, University of Paris.

3rd French Symposium Zimmer Biomet Dental

SEPT 30th-OCT 1st
2021

Pr. Vianney DESCROIX

- State Diploma in Dental Surgery, Paris Diderot
- State Diploma in Pharmacy, Paris Descartes
- University PhD diploma, Paris Diderot
- University degree in dermatology and venerealology of the oral mucosa, Paris Descartes
- University Diploma in Pain Management Training for Health Professionals, Paris Diderot
- Interuniversity Degree in Pain: Psychology and Psychopathology, Pierre and Marie Curie University
- Hypnopractician diploma in medical hypnosis, French Institute of Hypnosis
- Professor of Universities - Hospital Practitioner since 2014
- Member of the center for Teaching and Dental Research at the University of Paris 7.
- Odontology Department University Hospitals La Pitié Salpêtrière - Charles Foix, Paris
- Biological Sciences: Pharmacology (57-03)

Dr. Frédéric ETIENNE

- State Diploma in Dental Surgery, Paris V
- Certificate of Higher Studies Materials Technology, Paris V
- Certificate of Higher Studies of Periodontology, Aix-Marseille
- Graduate from the University of Periodontology, Aix-Marseille
- University Diploma in Implantology,

Corté

- University degree of Forensic Odontology, Montpellier
- University Diploma in Evaluation of
- Corporal Injury Applied to Odontology, Montpellier
- University degree of Anatomy Cranio Cervico Facial, Paris V
- European University Diploma in Laser Assisted Dental Surgery, Paris VII
- Since 2006 Member of the Association Implanted Perspective

Dr. Aurélien FRUCHET

- Dentist
- Liberal activity at Les Sables d'Olonne (85)
- Graduated from the Faculty of Dental Surgery in Nantes
- Master of Biological and Medical Sciences
- Master of Research "Skeleton Bioengineering"
- Certificate of Higher Studies of Sealed Prosthesis
- Certificate of Higher Studies of Periodontology
- Certificate of Higher Studies of Complete Removable Prosthesis
- Certificate of Higher Studies of Partial Removable Prosthesis
- Former Assistant Hospital-University, Department of Prosthetics, Nantes University Hospital
- Lecturer of the DU of Aesthetics, Faculty of Odontology of Nantes.
- University Diploma of Oral Implantology and Functional Rehabilitation, Nantes
- Hospital Attaché Department of Implantology, CHU Hôtel-Dieu, Nantes
- Zimmer Biomet Prosthetics Section Trainer
- Member of the French Association of Implantology

*The speakers have a financial report with Zimmer Biomet from the positions of rapporteur, counseling and other Scheduled speakers. Zimmer Biomet reserves the right to substitute any of the scheduled speakers if necessary.

Speakers*

Program

Dr. Guillaume GARDON-MOLLARD

- Doctor of Dental Surgery
- Master of Biological and Medical Sciences
- CES of Sealed Prosthesis
- CES of Partial Adjunct Prosthesis
- CES of Complete Assistant Prosthesis
- CES of Periodontology
- Graduate in Advanced Dentistry (Seattle, WA)
- Consulting Attaché at the CHRU de Tours
- Creator and author of the site www.thedentalist.fr
- Editor-in-chief of the site www.idweblogs.com

Dr. Emmanuel GOUËT

- Exclusive practice of implantology and periodontology, DFCD Paris V,
- Of the Paris VII Surgical and Prosthetic Implantology Clinic,
- Pre and Peri-Implant Reconstruction IUD Paris VI.
- Master II in medical law and expertise applied to odontostomatology (Paris VIII)
- CES of Oral Biology, Periodontology and Surgical Odontology.
- Deputy Director of the DU of Oral and Maxillofacial Implantology (University of Paris XII)
- CdP collections director, 1Healthmedia editions

Dr. Alice GUYON

- Doctor of Dental Surgery
- Specialist in Oral Surgery, DES in Oral Surgery, University of Paris
- Hospital practitioner
- Head of Oral Surgery Unit, Bicêtre AP-HP Hospital
- Educational manager of the Oral Implant Réhabilitation DIU, Sorbonne University and University of Paris
- Educational manager of the DU of Pre and Peripheral Oral Implant Reconstructive Surgery, Sorbonne University
- Former Hospital-University Assistant in Oral Surgery, Pitié-Salpêtrière Hospital AP-HP, Paris
- Former resident in Oral Surgery at AP-HP, Paris
- IUD of Oral Mucosa Pathology, Pierre and Marie Curie University, Paris
- DU in Medico-Surgical Orthognath, Paul Sabatier University, Toulouse
- DU in Maxillofacial and Oral Expertise, University of Montpellier, Montpellier

3rd French Symposium Zimmer Biomet Dental

SEPT 30th-OCT 1st

2021

Mme. Barbara LEFORT

- Dental Assistant Diploma
- Licence in psychology

Dr. Krisnen MURDEN

- Hospital-University Assistant in oral surgery and implantology, University of Rennes I, CHU Rennes
- IUD in oral pre and peri-implant surgery, Pierre and Marie Curie University, Paris
- DU in Oral Implantology, University of Rennes I
- DU in dermatology and venerology of the oral mucosa, Pierre and Marie Curie University, Paris
- CES in Surgical Odontology, at the University of Garancière, Paris
- Scientific master's degree in medical biology, University of Rennes I
- State diploma in dental surgery, University of Rennes I

Dr. Fleur NADAL

- CES Dentofacial Orthopedics
- European University Graduate of Implantology, Corte
- University Diploma 3D Imaging, Toulouse
- University Diploma in Pre- and Peri-implant Surgery, Kremlin-Bicêtre
- University diploma in Aesthetics, Nice
- Practitioner attached to CHIVA

Dr. Florian NADAL

- Graduated from the Faculty of Toulouse
- European University Diploma of Implantology, Corte
- Occlusodontie University Diploma, Toulouse
- University Diploma 3D Imaging, Toulouse
- University Diploma in Pre and Peri-implant Surgery, Kremlin-Bicêtre PARIS
- University diploma in Aesthetics, Nice
- President Bioteam Occitanie

*The speakers have a financial report with Zimmer Biomet from the positions of rapporteur, counseling and other Scheduled speakers. Zimmer Biomet reserves the right to substitute any of the scheduled speakers if necessary.

Speakers*

Program

Dr. Thierry NATHAN

- Private practice in the Paris suburbs
- D.U. Bordeaux II
- New York University in Advanced and Aesthetic Surgery
- Lecturer in implantology and digital dentistry

Dr. Laurent NOZZI

- Exclusive implantology exercise in Carpentras
- Specialist in Oral Surgery
- Former Intern
- Former Assistant

Dr. Léa ROCCHI

- Doctor of Dental Surgery
- Hospital-university assistant in the department of periodontology and implantology, Nancy
- Periodontology and implantology (DUPIC) in Nancy
- CES of periodontology, Paris Descartes
- CES of Periodontology, Nancy
- DU personal injury repair in odontology, Nancy (ongoing)
- Private practice in periodontology and exclusive implantology in Luxembourg

Dr. Marco RONDA

- Graduated in medicine and surgery in 1990 from the University of Verona.
- Liberal Practitioner in Genoa.
- He has completed several postgraduate courses, including the Advanced Surgery Course taught by Prof. Simion in 2001 and a Master's degree in Regenerative Surgery Techniques at the University of Pennsylvania in 2003.
- Attended meetings organized by the American Academy of Implant Dentistry and numerous specialization courses on horizontal and vertical bone regeneration techniques.
- Lecturer at national and international courses and congresses. Author of numerous scientific publications

3rd French Symposium Zimmer Biomet Dental

SEPT 30th-OCT 1st
2021

Dr. Pierre-Olivier SAGE

- Graduated from the Faculty of Strasbourg
- Collaborator of Dr. Pierre Keller (Strasbourg -Kehl) for 7 years
- D.U. of implantology University of Strasbourg
- C.E.S. prosthetic prosthesis fixed University of Nancy

- D.U. of pre and peri implant surgery University of Paris
- Limited exercise in surgery and implantology in Colmar

Dr. Mickael SAMAMA

- Liberal practice (Paris).
- Hospital Practitioner Attached Service Maxillo-Facial Hospital Pitié-Salpêtrière.
- Former Head of Clinic - Assistant of the Hospitals of Paris.
- Former intern in Oral Surgery of the AP-HP of Paris.
- Director of the Interuniversity Diploma

in Oral Implant Rehabilitation IUD ROI (University Sorbonne Medicine).

- Director of the Interuniversity Diploma of Pre and Peri implant oral reconstructive surgery University of Sorbonne Medicine.

Dr. Mohssine TAZI

- Liberal exercise in Chenove
- DEA in Infectious Diseases
- Former Associate Lecturer, Faculty of Reims

*The speakers have a financial report with Zimmer Biomet from the positions of rapporteur, counseling and other Scheduled speakers. Zimmer Biomet reserves the right to substitute any of the scheduled speakers if necessary.

REGISTRATION AND CANCELLATION POLICY

I.- REGISTRATION: Registration to Zimmer Biomet* educational courses or events ("Zimmer Biomet courses") is limited to Health Care Professionals** ("Participant/s"). In order to provide each course Participant with a focused and personalized educational experience, the number of Participants is limited for each Zimmer Biomet course. Registration is accepted on a first-come, first-served basis. Registration is not confirmed until Participant receives a confirmation from Zimmer Biomet.

II.- CANCELLATION POLICY:

II.I Zimmer Biomet cancellation and amendment right: Zimmer Biomet reserves the right to amend topics, agenda, themes or panel discussions in Zimmer Biomet course program as well as given speaker, event location, day or time publicly communicated.

Zimmer Biomet reserves the right to cancel Zimmer Biomet courses at any time. If the cancellation takes place within 14 days (inclusive) prior to the starting date of Zimmer Biomet course, Zimmer Biomet will refund, in addition to registration fee, all duly accredited travel and accommodation expenses resulting from Zimmer Biomet course cancellation. If the Zimmer Biomet course is cancelled more than 14 days prior to the starting date, Participants are not eligible for the refund of any fees or expenses, excluding the registration fee.

II.II Participant cancellation right: If Participant wish to cancel, a written notification must be sent to events@zimmerbiomet.com. No refunds for no-shows or cancellations made within 14 days of Zimmer Biomet course starting date will be provided to Participant.

EDUCATIONAL PURPOSE/NO MEDICAL ADVICE

I.- DISCLOSURE: Zimmer Biomet manufactures and distributes products discussed in ZB course. Products manufactured by Zimmer Dental, Inc or Biomet 3i, LLC may not be cross compatible. For additional product information, please refer to the individual product labeling or the individual instructions for use for each Product. Product clearance and availability may be limited to certain countries/regions. Product information is intended for clinicians only and does not comprise medical advice or recommendations. Product information material may not be copied or reprinted without the express written consent of Zimmer Biomet.

II.- CONTENT DISCLAIMER : Participant must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidencebased dentistry should be used in patient therapy. The information provided in ZB courses is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet does not practice medicine or dentistry. Each Participant should exercise his or her own independent judgment in the diagnosis and treatment of an individual patients. ZB courses and information provided thereon do not purport to replace the comprehensive training Participants have received. ZB courses are designed to present a fair and balanced view of all options.

COMPLIANCE : Participant acknowledges that Zimmer Biomet sponsorship of Zimmer Biomet course registration fee and materials, in accordance with Zimmer Biomet policies and to the extent permitted by applicable law, do not intent to improperly induce the purchase or use of any Zimmer Biomet product or to influence any procurement decision by Participant or the Institution to which

Participant is professionally related. Zimmer Biomet intended bearing of Zimmer Biomet course registration fee and education material cost will be granted independent of any sales transactions between the Participant and Zimmer Biomet. Participant represents that nothing in this Zimmer Biomet course shall be construed as an obligation on Participant to refer any patient, physician or health organization to any Zimmer Biomet supplied products or services nor it will have any effect on Participant decisions regarding the use, ordering or purchase of dental products or services. Participants acknowledge that participation at Zimmer Biomet courses do not interfere with any other obligations Participant has undertaken, in particular in connection with Participant current employment (if any) and that Participant Institution has no objections to Participant registration at Zimmer Biomet course.

DATA PRIVACY : For information on how Zimmer Biomet may process Participant's Personal Data, the types of Personal Data Zimmer Biomet may collect, how Zimmer Biomet uses, shares and protects these Personal Data, data protection rights and how to contact Zimmer Biomet about its privacy practices, please see Zimmer Biomet's webpage and data privacy section provided on c-event registration page (<https://www.zimmerbiomet.com/privacy-policy.html>)

TRANSPARENCY REPORTING: Participants further acknowledge that certain laws, ethical rules or regulations now or in the future may require disclosure of information on compensation, gifts or other remuneration provided to health care professionals and that Zimmer Biomet and its group companies shall be entitled fully to comply with any such laws, rules or regulations when and as applicable.
