ARE PROUD TO ANNOUNCE THE...

12TH Annual Global Implantology Week

Transforming the Future

Zimmer Biomet Dental and NYU College of Dentistry invite you to join us for this four-day event co-sponsored by the world-renowned NYU College of Dentistry

The Future is Ours to Transform

For 12 years running, NYU College of Dentistry has partnered with Zimmer Biomet Dental to host some of the world's most renowned specialists teaching on the most current topics in dental implant therapy. This program focuses on science and emerging technology to bring clarity to the future of how we treat patients. This year's agenda features innovative topics, such as: Leveraging Digital Technology to Solve Complex Cases with Minimally Invasive Approaches, Interdisciplinary Management of Compromised Cases, Treating High-Risk Patients with Proven Technology, and Contemporary Strategies for Managing Hard and Soft Tissues.

Join us in March 2022 for this global education event to learn how the future of implant therapy is ours to transform!

Please don't miss out on this annual event.
